Fast Food Analysis

High-Calorie Leaders: Items like *American Brewhouse King* (1550 cal) and *Rodeo King* (1250 cal) dominate the menu.

Sodium Concern: Average sodium per burger ≈ 1750 mg, well above healthy limits.

Better Alternatives: Grilled chicken sandwiches (~430–470 cal, ~940 mg sodium) stand out as healthier picks.

Overall Position: Burger King trends higher in calories and fat compared to competitors, making portion control and recipe reformulation critical.
